Professional Summary

As an aspiring IT student with a strong interest in Cybersecurity, I am actively pursuing an internship opportunity with a renowned organization. Despite my educational background in a different field, my dedication to learning and passion for cybersecurity drives me to contribute and grow in a dynamic IT security environment. I am eager to apply my enthusiasm, adaptability and transferrable skills to gain valuable hands-on experience in this field.

Technical Skills

- **Key Skills**   : VAPT, Risk Assessment, IT Audit, Forensic Analysis, Web Application Testing
- **Operating System**   : Windows, Kali Linux, CSI Linux
- **Tools**   : Nmap, Burp Suite, Metasploit Framework, WireShark, Nessus
- **Hacking Techniques**   : SQL Injection, XSS, LFI, RCE, Open Redirection, Privilege Escalation
- **Prog. Language**   : Python
- **SIEM Tool**   : Wazuh
- **Web Developing**   : HTML, CSS

Personal Strengths

- Creative Thinking
- Technological Literacy
- Analytical Thinking
- Curious and Lifelong Learning
- Resilience, Flexibility and Agility
- Motivation and Self-Awareness
- Service Orientation and Customer Service

Work Experience

1. **Green CyberSec Ltd.**
   Associate Engineer (Cloud & Cybersecurity)
   Jan, 2025 – Present
   - IT Equipment Sales & Procurement: Managed the sales and procurement of IT-based equipment for various government projects and tenders, ensuring compliance with project requirements and regulations.
   - IT Audit – Telecommunication Sector: Conducted IT audits for a leading telecommunication company, assessing system security, compliance, and operational efficiency.
